SUBJECT : BOC-PEZA JOINT MEMORANDUM ORDER No. 01-2015
Re: Extension of the Period of Optional Use by
PEZA Enterprises of the Bureau of Customs' e2m
Transshipment System for Import Cargoes

In accordance with agreements made with BOC Commissioner Alberto Lina in relation to the implementation of BOC-PEZA Joint Memorandum Order No. 01-2015 ("the JMO"), please be advised that in lieu of the 04 May 2015 effectivity of the JMO, the use by PEZA Enterprises of BOC's e2m Transshipment System for their import cargoes, including the implementation of corollary procedures under the JMO, shall continue to be optional, as provided in Section 2 of the JMO, for another 30 days from 04 May 2015.

Pending issuance of further guidelines, BOC accreditation of PEZA enterprises through the BOC-Account Management Office (AMO) will not be required for purposes of lodgement in BOC's e2m Transshipment System, as long as the company's CPRS is active and its importations are covered by a sufficient bond as prescribed in the JMO, the minimum face value of which shall be ₱ 1,000,000.00. All existing bonds shall not be cancelled and shall continue to be valid until their respective expiry dates, provided that the prescribed minimum face value is complied with.

PEZA enterprises are strongly encouraged to already lodge transshipment entries for their respective importations through BOC's e2m Transshipment System in preparation for the mandatory implementation of BOC-PEZA JMO No. 01-2015.

For your information and guidance.
